

Meet the Buyer event

08 May 2020

Rathaus Düsseldorf, Marktpl. 2, 40213 Düsseldorf (Germany)

The Jokey Group has stood for outstanding expertise in plastic injection moulding for 50 years. We are one of the leading manufacturers in plastic packaging worldwide.

We are looking for sustainable materials (e.g. ISCC certified) from renewable resources for thin-wall injection moulding. In detail we need solutions for food contact packaging focusing on biodegradability and/or recyclability as well as climate neutral or even climate positive applications.

Meet the Buyer events offer **interesting opportunities for your company** to get in touch with the leading enterprises in a variety of business sectors. The event is **invite only** and will give you the chance to have an individual **one-to-one meeting** with **key decision makers**. Join the event, establish valuable collaborations, pitch your products and services, and discuss business partnerships that can fast-forward your company's growth.

Buyer profile

What is their business?

The **Jokey Group** has stood for outstanding expertise in plastic injection moulding for 50 years. We are one of the leading manufacturers in plastic packaging worldwide. We have 15 production plants in 12 countries and supply customers in 80 different countries. In 2019, our 2,000 Jokey employees generated a turnover of around €496 million.

Through innovation, the latest technology and sustainability – for half a century Jokey has been setting the standards in its industry. Our fast-growing company development and professional training have already won multiple awards.

The Jokey Group is located in Wipperfürth, Germany. Shareholders of the holding company are members of the Kemmerich family who manage the company in the second and third generation. The Jokey packaging product catalogue offers a variety of sizes, shapes and accessory options which are second to none on the market. Whether for food or non-food, customers always find the right packaging for filling material here.

Most Jokey series include a large range of volumes. Products for single-person households are just as efficiently packed as bulk consumer portions. The product family is always uniform at Jokey. Jokey packagings are made of high-quality, 100% recyclable polypropylene or polyethylene. They also process biopolymers and packaging materials made from recyclates, the use of the latter only being permitted for non-food.

What are they looking for?

We are looking for sustainable materials (e.g. ISCC certified) from renewable resources for thin-wall injection moulding. In detail we need solutions for food contact packaging focusing on :

- biodegradability and/or recyclability
- climate neutral or even climate positive applications

Furthermore, we are interested in sustainable materials (e.g. ISCC certified) from renewable resources that are based on wood, mushrooms or lichen for technical applications or packaging.

This challenge is a part of the Sustainable Packaging event organized by NRW.International, NRW.Europa, Kompetenznetzwerk Umwelwirtschaft NRW and kunststoffland.NRW. Please find a link to the official challenge [here](#).

How can you apply?

If you are interested in this opportunity, please contact **Giuliana Unger** by sending an email to g.unger@cleantechdelta.nl and briefly indicate the interest of your company in the Buyer's case. You can also contact your regional SCALE-UP partner.

SCALE-UP PARTNERS

This Meet the Buyer event is an exclusive invitation for companies associated with the partner organisations in the North Sea region. Cleantech member organisations have joined forces in the Interreg SCALE-UP project to enable cross-border business contacts between SMEs with green solutions and established large companies. The overall aim is to facilitate for innovative cleantech companies to scale up your start-up. Consultants at the member organisations help participants prepare the meetings and support them through the business process.
